

# MedicineCard Fact Sheet for Health-Care Providers

## MedicineCard General Info

- Pre-activated for immediate discounts, up to 75%, off of prescription drugs.
- MedicineCard program is 100% free to providers and cardholders.
- All FDA-approved drugs are eligible for discounts – over 54,000 in our formulary.
- Use at 58,000 pharmacies nationwide (Walgreen's, Rite Aid, CVS, Kmart, Target, Kroger, Meijer, Walmart – all major, regional and many smaller pharmacies).
- Everyone qualifies – there are no exclusions, residency, or income requirements.
- Cards don't discount already discounted drugs (like the Walmart \$4 & \$10 drug list).
- Cards produce a better price, than the pharmacy's regular prescription price, on average, 80% of the time they are used by our cardholders.
- Provides discounts on drugs not covered by prescription insurance, during a lapse in coverage, while working to meet a high deductible, or while waiting for benefits to start.
- Provides discounts on pet prescriptions, when filled at the local pharmacy.
- Cards can be shared, copied, or loaned to others.
- Patients can print additional free cards online at [www.medicinecard.org](http://www.medicinecard.org) or request additional free cards, sent by mail, by calling customer service at 1-855-228-7379.
- Patients can call Customer Service (the number is on every card) with any questions they may have about how the MedicineCard works.
- Patient privacy is protected by HIPAA-privacy regulations and is respected 100%. No information is ever shared or sold with any third-party.

## How Patients Use the Medicine Card

- They simply present the pre-activated card to the pharmacy to save – it is that simple.
- Patients should ask pharmacy what the regular price of the medication is, if they don't know it, so they'll know how much they're saving with the MedicineCard.
- Patients can ask the pharmacist to tell them what their discounted cost will be, before getting their prescription filled, to make sure they can afford their prescriptions.
- Patients get the lowest price on their medicine, whether it's the MedicineCard price or the pharmacy's price. They'll never pay more – this card can only save them money.
- Our Customer Service number, 1-855-228-7379, is printed on every MedicineCard.
